- ▶ Use of mechanical equipment to move products (Fork-lifts)

PETROLEUM

Overland Petroleum's grand entry into the oil and gas sector was with the drive and commitment to meet Tanzanians' energy needs by enhancing access to high-quality petroleum products. As an emerging leader in the downstream sector, Overland Petroleum specializes in the importation, storage, trading, supply, sales, and marketing of petroleum products to consumers across the country and other neighboring countries. With 65 million liters capacity depot in Kigamboni, Dar es Salaam, Overland Petroleum intend to offer hospitality service by leasing its storage facility to its partnering Oil Marketing Companies. To achieve its business goal of ensuring easy access to petroleum products by all, Overland Petroleum also has a long-term plan of establishing Filling Stations in different parts of the country.
